

\* Fun Zone team intends to follow the schedule as listed. But it is subject to minute adjustment & change as required.

<b>Drop Off/ Sign In</b>	Kids will have free play with coloring pages, blocks,, musical instruments and multiple other things . At the end, Camp lead will go over the "set of rules" that all the awesome kids have to follow throughout the day to ensure a fun, exciting, Constructive and playful day
<b>Outside/ Indoor Activity</b>	Activities will include playing with sand tables, chalks water activities, gardening and several instructor led fun games that will ensure good amount of high energy fun under the sun.
<b>Lego Robotics Building - WE DO 2.0</b>	Kids will build robots, create computer games, and learn to code by making and controlling creatures with the LEGO® WeDo® robotics system. Campers will program movement using sensors, motors and software and then enhance their robotics skills further by completing missions with Ozobots – micro-sized, color-sensing bots which respond to their instructions. Robots stays at the facility but the pictures of the kids buliding the robots will be sent.
<b>Lego Robotics Building - EV3 Mindstorm</b>	Fun of building with LEGO® bricks, plus the challenge of computer programming. Kids utilizes their imagination to build the models and sees their creation come to life while sharpening their computer thinking skills such as logical reasoning, pattern recognition, and modeling simulations. Robots stays at the facility but the pictures of the kids buliding the robots will be sent.
<b>Sign Language</b>	Would you love to learn a new language? Love to talk with your hands? Learn the language that is becoming more popular in your community!Each class you will learn a new set of vocabulary and practice those signs through a variety of exercises and games. This class involves a lot of movement and fun!It will cover ABC, basic everyday words
<b>Chess Lesson</b>	The objective of this class is to introduce the game of chess to new students, deepen understanding of the game for established players, or offer intensive instruction for aspiring chess masters. Grandmaster instructors provide daily lessons, puzzles, and play to help guide students through each session. Instruction offers a solid basic foundation, emphasizing the fundamental skills needed to begin a
<b>Arts &amp; Crafts</b>	Our Art's and Crafts instructors, with years of experiences in art and design, are brought in to get the creative juices flowing and get campers to think outside the box. We will make several masterpieces which they would be taking back home each day.
<b>Science Experiement</b>	Mad Science summer camps and vacation programs give kids the opportunity to learn about science through our interactive and hands-on science activities. Our summer camp enrichment program will offer engaging science curriculums and hands-on activities led by our team of dedicated science educators.
<b>Spanish</b>	Native Spanish speaker would teach the basics of spanish laguage through fun, interative games and themes. There will be diferent themes (for e.g. continents, sports, movies) in ever class and kids will learn through a fun engaging skit or play. Kids are going to take the list of new words learnt everyday.
<b>Field Trips</b>	Kids will have fun filled field trips to coosley zoo, spalsh pads ( dragonfly parks / lombard splash pads), Cypruss water park and likewise if the weather/transportation permits. Otherwise they will
